

ProCart™

The Box-top to Flat-top Utility Cart by **AKRO-MILS®**

Accessible Supplies

Deep, molded-in compartments keep your computer, scanner, coffee mug* etc. secured during transport.

**Only large cart has mug holder.*

Innovative I-Beam Design

Compared to ordinary "four post" carts, loading and unloading oversized boxes on the ProCart's lower shelf is a snap with this I-Beam design.

Reinforced Construction

Built for years of rugged use, the ProCart's HDPE structural foam construction is dent-resistant, rust-proof, and never need painting. The smooth surfaces are easy to clean.

Box-top to Flat-top Versatility

Hinged side gates on both shelves flip up or down to quickly and easily convert the ProCart to a flat-top or a box-top cart.

Generous Payload

Each shelf holds a hefty 200 lbs., adding up to a 400-lb. maximum payload.

Durable Wheels

The ProCart maneuvers smoothly on non-marking 5" wheels, even around tight corners. Locking rear wheels stabilize the ProCart for loading or convert it to a portable workstation.

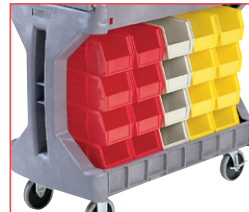

ProCart

Dimensions Inches

Model No.	Description	L	W	H	Ctn. Qty.	Rail System
30936	Large Cart	45½	24	34¾	1	30906
